## **Appendix 1**

### **Speaker information**

**Prof. Cecilia W.P. Li-Tsang, Professor PDOT, HKROT, OT(C), MPhil, PhD**

Professor Li, is a renowned researcher and expert in the field of Occupational Therapy. She has made significant contributions to the development and utilization of the Smart Handwriting Analysis and Recognition Platform (SHARP).

Prof. Li-Tsang's work on the SHARP assessment tool has involved extensive research, development, and validation. Her expertise in hand function assessment and rehabilitation has been instrumental in advancing the field and improving clinical practice.

Prof Li-Tsang's dedication to advancing the field of Occupational Therapy, particularly in the area of hand function assessment and rehabilitation, has earned her recognition and respect within the profession. Her contributions continue to shape the field and enhance the quality of care provided to individuals with hand-related impairments.

**Dr Howard Leung Wing Ho, BEng(McGill), MSc(CMU), PhD(CMU)**

Howard Leung is currently an Associate Professor in the Department of Computer Science at City University of Hong Kong. He received the B.Eng. degree in Electrical Engineering from McGill University, Canada, in 1998, the M.Sc. degree and the Ph.D. degree in Electrical and Computer Engineering from Carnegie Mellon University in 1999 and 2003 respectively. Throughout his graduate studies, he was with the Advanced Multimedia Processing Lab.

His current research interests include 3D Human Motion Analysis and Retrieval, Intelligent Tools for Chinese Handwriting Education, Web-Based Learning Technologies and Brain Informatics. He is also supervising the 3D Motion Capture Laboratory. At present, he is the Treasurer of Hong Kong Web Society.

### **Ms. Calfee Tam, Occupational Therapist I at Hong Kong Red Cross John F. Kennedy Centre**

Calfee Tam, received a Professional Diploma in Occupational Therapy at The Hong Kong Polytechnic University in 1993, and a Master degree in Educational Studies at The University of Queensland in 2000. She has been working in the Hong Kong Red Cross John F. Kennedy Centre (JFKC) which is a special school for children with variety of physical disabilities and medical complications for over 30 years. She is certified in Sensory Integration and Sensory Integration & Praxis Test (SIPT), Evaluation in Ayres Sensory Integration (EASI) and Neuro-developmental Treatment (NDT). She has the expertise in variety of therapeutic approaches such as Handwriting Without Tears®, Therapeutic Listening® and Quickshifts. She completed the Information Course on Conductive Education at the International Peto Institute in Budapest in 1995 and played an important role in promoting the development and application of Conductive Education in JFKC. She is devoted and has extensive experience in putting clinical skills in practice in management and treatment of children with cerebral palsy and other neuromotor disorders.

### **Ms. Noel Wang, Occupational Therapist I at Heep Hong Society**

Noel Wang has been a pediatric occupational therapist and has extensive working experience in variety of settings, such as NGO (Heep Hong Society), private clinics and mainstream schools, for the last 18 years. Her specialized area is in ADHD, ASD and Dyslexia from 2-18 years old. During her career she has worked as a clinical educator in HK, as well as course instructor for sensory processing and sensory integration courses in mainland.

### **Ms. Kat Yu, Occupational Therapist I at Hong Kong Red Cross Princess Alexandra School**

Ms Kat Yu is an experienced school-based occupational therapist who has been working in a special school with physical handicap for over 17 years. She holds a Master of Science in Rehabilitation of People with Developmental Disabilities from the Hong Kong Polytechnic University. She provides services to school-aged students with multiple disabilities, including cerebral palsy, neuro-muscular diseases, brain tumors or injuries, ASD, ADHD and various rare diseases. In addition to general pediatric assessment and intervention, her main area of focus is assistive technology, such as eye gaze control, and special examination arrangements.

### **Dr Eve Zhang, Occupational Therapist II at Hong Chi Morninglight School**

Eve Zhang is an accomplished occupational therapist with extensive experience in working with children and their families. She holds a PhD in Rehabilitation Science from The Hong Kong Polytechnic University, where her research focused on Post Burn Hypertrophic Scar Pliability and its assessment and treatment. Her commitment to excellence is evident through her First Class Honour BSc (HONS) in Occupational Therapy and inclusion in the Dean's Honour List. Eve is a certified DIR® Floortime Proficient Provider and has expertise in various therapeutic approaches, including Handwriting Without Tears, Astronaut Training, and Therapeutic Listening. She is also skilled in Beckman Oral Motor Assessment and Treatment, Ayres Sensory Integration, and the SOS Approach to Feeding.

## Important Note to Participants

1. Admission is on a first-come, first-served basis. Enrolment will be confirmed once you have made the payment. You will receive a payment confirmation after payment has been made successfully. You are advised to keep your payment confirmation for future enquiries.
2. Fees paid are not refundable regardless of whether the applicant has or has not attended the classes. If there is exceptional circumstance(s), kindly appeal in writing. It is subject to the Association's discretion. In such occasion, there will be a 15% deduction from the application fee paid for the purpose of administrative charge. Should there be any course cancellation due to unforeseeable circumstances, refund after deducting administrative charges from third parties, e.g. PayPal, would be arranged.
3. Fees on courses cannot be transferred from one qualified applicant to another. Once accepted onto a course, the applicants cannot change to another course. In case of exceptional circumstances, transfer studentship is subject to HKOTA approval.
4. Participants are advised to arrive 15 minutes before the programme commences for registration.
5. Switch your mobile phones or any electronic devices to silent mode during the programme
