About the speaker

Mr. JOHN HENDEN BA(Hons) RMN Dip Couns(Univ of Bristol) MBACP FRSA

JOHN HENDEN is an international trainer, author, therapist and performance coach. For over 20 years, he worked within UK NHS mental health services firstly as a practitioner, then as a manager, during a time of rapid change. He delivers training courses from a broad portfolio; and, also provides organisations with personal coaching and mentoring services. His client list includes NHS Trusts, SSAFA, Compass Ltd (NZ), CRUSE, HM Forces, Helsinki Psychotherapy Institute, Korzybski Institute (Belgium) Local Authorities, HM Prison Service, Compass Seminars Australia, SF Academy (Singapore) and Krotkotermiowej Therapy Centre (Poland). John has a background in psychology, is a qualified counsellor and a member of the British Association of Counselling and Psychotherapy (BACP). He is also a presenter at both the European Brief Therapy Association (EBTA) and Solutions in Organisations Link-up (SOL), being a founder member of the latter.

John delivers a broad portfolio of 2-day and 3-day intensive solution focused brief therapy workshops to many and various organisations, enabling staff to be more time- and cost-effective. Also, he has developed a special interest in three specialist areas.

The first of these is Solution Focused Recovery from Severe Trauma & Stress. As a SF therapist, he has worked successfully with many survivors of traumatic experiences such as military combat, armed robbery, near-death experiences, rape, road traffic accidents and sudden death. John teaches how both the basic SF techniques and advanced techniques are applied, for successful outcomes with such clients. His two books on the subject are:

Henden, J. (2011). *Beating Combat Stress: 101 Techniques for Recovery*. Wiley-Blackwell; and,

Henden, J. (2017). *What it Takes to Thrive; techniques for severe trauma & stress recovery*. World Scientific Publishing

His second specialist subject area is Suicide Prevention, and the book on this subject, which is currently being translated into Japanese and Russian, is:

Henden, J. (2017). *Preventing Suicide: the Solution Focused Approach*. Second edition. Wiley-Blackwell

John's third specialist area is Solution Focused Stress Management and Resilience. (This is also referred to as Solution Focused Healthy Work-Life Balancing.)

As a counsellor and therapist for individual work, unsurprisingly, John's preferred approach is Solution Focused. He finds this approach applicable to the widest range of mental health issues, including chronic depression, relationship difficulties, schizo-affective states, alcohol dependency; and, of course, acute stress and anxiety, trauma survivors and suicide prevention. Within the last 30 years, John has worked with some 400 individual clients from public, private and voluntary sector organisations.

As a trainer, in adopting an action-learning approach, John has an energetic and captivating teaching style, which enables participants to remain both alert and involved throughout. His alternating use of short presentations, audio visuals, paired and small group work, ensures not only all learning styles are catered for, but participants find the training both enjoyable and worthwhile.

WORKSHOP ABSTRACT, CONTENT & RUNDOWN

ABSTRACT

This 2-day intensive Zoom workshop is part of the SFT Series for Facilitating Change and Well-being 2023. It is designed to teach the basics of the Solution Focused approach to workshop participants, as a lead up to the 2-day face-to-face event on 6-7th October in Hong Kong, entitled 'Solution Focused Severe Trauma & Stress Recovery'.

During the workshop, participants will be introduced to the basic assumptions, principles and beliefs of SF; and, over 25 tools and techniques will be described and demonstrated. In the breakout rooms there will be ample opportunity to practise many of these tools and techniques, thereby increasing confidence to apply them in their everyday working contexts.

WORKSHOP CONTENT

- Feedback on Pre-workshop reading
- Learning outcomes/training objectives
- Hopes and expectations of the 2 days
- Key skills
- How SFBT sits within C-BT and Person-Centred approaches
- Basic assumptions, beliefs and key principles of SF
- SF in a nutshell
- Solution building, not problem solving
- Relationship flow chart
- Formula First Session Task
- Problem-free talk
- Defining the issue/difficulty/worry
- Pre-session change
- Finding exceptions to the problem
- Attempted solutions and going with what works
- Goals – the importance of being realistic, small, measurable, achievable, realistic, time limited and future-focused
- The 5 o'Clock Rule for First Sessions
- The miracle question and other ways of finding goals
- Scaling: progress, confidence and motivation
- The power of compliments
- The value of small steps
- Second and subsequent sessions: Eliciting positive change; Reinforcement; Amplifying the change; and, Building on improvement
- SF as an empowering and affirming approach
- Strategies for dealing with setbacks
- The use of analogy, stories and metaphor
- Pre-suppositional language
- Techniques for getting unstuck: 'Wise old you' and 'deathbed scenario'
- Ending a session
- Review and roundup of the 2 days
- Presentation of certificates
